

**Part nuclear gallery at Tamil Nadu Science and Technology Center,  
Chennai opens for public.**

Part nuclear gallery on nuclear power was open for public on 30-05-2014 at Tamil Nadu Science and Technology Center, Chennai.

This part gallery showcases nuclear energy and other associated aspects in a very simple and interactive manner. The gallery comprises about 40 informative full size panels, 10 models, quiz corner, digital displays, multimedia and other related exhibits.

Tamil Nadu Science and Technology Center is located in the heart of the Chennai city and is visited by around 5 lakhs persons annually.

Full-fledged gallery is expected to be completed shortly. Fabrication and other related works in this regard are in full swing.

Some of the glimpses of opening event are enclosed herewith.
