

**NPCIL Stall at “ENGIMACH2013 Exhibition” at Ahmedabad from 27.11.2013
to 01.12.2013**

K & D Communications Limited, Ahmedabad organized “ENGIMACH2013” Exhibition at Ahmedabad Education Society Ground, Ahmedabad from 27th November to 1st December, 2013. NPCIL participated in the Exhibition and had a stall in Hall No.5 (Renewable Energy, Power Generation, Transmission & Distribution, etc.) for wide public awareness. There were about 375 stalls from various industries like manufacturers of machines and machine tools, Automation, Electronics & Instruments, Electrical Wire, cable, testing and measuring instruments, gears, motors and drives, Power generation and transmission, Material Handling and Logistics, etc.

During these five days of exhibition more than 1 Lakh people visited exhibition from various class of people like manufacturers, suppliers, students, teaching staff, etc. and many people visited NPCIL stall.

NPCIL displayed working model of NPP with running lights and commentary, posters about Nuclear Power Technology, etc. About 4200 Nos. of booklets and leaflets printed on Nuclear Energy in Gujarati, Hindi and English languages were distributed.

Working model of NPP with commentary in English and Gujarati synchronized with lighting and rotating parts was the prime attraction of the people visiting the exhibition. Nuclear Power technology and its benefits were explained to the people visited.

Participation in this exhibition has spread a very good message about Nuclear Power among the people.
