

Kendriya Vidyalaya Lecture Programme Ascends KV Antop Hill's summit

From the rocky coastline of Colaba and the marshy lakeside of Powai, the Kendriya Vidyalaya lecture programme of NPCIL made its ascent to the Antop Hill Kendriya Vidyalaya on 5.8.2015.

A batch of around 90 students of class XII basked in the presentations made by NPCIL's team from CP&CC and HSE Directorates.

The cheery response to the lecture series has inspired the NPCIL resource-persons to continually improve the content and presentation style of the seminars being undertaken in educational institutions.
