

Lecture Program on Nuclear Power and Radiation
At Vivekananda Education Society's Science, Commerce &
Arts College, Mumbai on 07-08-2014

On request of Vivekananda Education Society's Science, Commerce & Arts College, Mumbai, a lecture program on "Need of Nuclear Power in the country & Safety Aspects of Nuclear Power Plants" and "Omnipresence of Radiation" was organized at Vivekananda Education Society's Science, Commerce & Arts College, Mumbai on August 07, 2014.

Shri. Anil Seth, Additional Chief Engineer (Knowledge Management), NPCIL) and Shri. V. Nagarajan, Executive Engineer (Health Environment & Safety), NPCIL, delivered lecture on the "Need of Nuclear Power in the country and Safety Aspects of Nuclear Power Plants" and "Omnipresence of Radiation" respectively. The lecture was followed by an interactive Q&A session in which various queries were raised by the participants and these were responded to their satisfaction. About 200 students of the institute with faculty members attended this programme.
