Report on the Awareness Program on Nuclear Power at IIT-M, Chennai

A Technical festival SHASTRA-2014 was organized at IIT-M Chennai campus. As part of the Awareness programme, MAPS along with ESL and other DAE establishments had participated in the event on 6th and 7th January 2014. Amidst various technical exhibits, the need for and benefits of Nuclear power were emphasized through display of exhibits on Nuclear Power, exhibits of environmental samples, live demonstration on the existence of natural radiation and instruments used to measure these radiations. School and College students along with their teachers and professors were the main group who had visited, along with few parents. Many queries related to the design safety, health safety and environmental safety were handled and their feedbacks were recorded. Queries on Fukushima incident with regard to Indian scenario were also addressed. Around 500 persons visited the stalls.

The following personnel from MAPS & ESL participated in the program.
