

No. NPCIL/VSP-KOVVADA/L /2012/9

Dated: 01-01-2013

Sub: Report on the lecture delivered at IRPM, Berhampur University – regarding.

A Public Awareness Lecture was conducted at the National Conference on “Perspectives on Employment Relations” organised by IRPM Alumni Association, Post Graduate Department of Industrial Relations & Personnel Management, Berhampur University, Berhampur – 760007.

Around 200 participants attended the lecture belonging to PSU of national & state viz., Coal India Ltd., NALCO, L&T, OHPC etc. Apart from these institutions, students from management institutions (Students studying Post Graduate, M-Phil and Ph. D) also attended the lecture.

The topic covered is “Nuclear Power: Essential for Developing India”. After the lecture, many participants acknowledged the importance of Nuclear Power in the present scenario of power supply in India. Participants also appreciated the efforts undertaken by NPCIL to reach out to the public in removing the apprehensions about Nuclear Power.

The literature of NPCIL was distributed to all participants. Participants showed a lot of interest in reading the material.

Two Banners of NPCIL were displayed on either side of the dais.
