

NPCIL launches a new coffee table book "The Journey of NPCIL"

A coffee table book titled, "**The Journey of NPCIL – over 25 years of safe nuclear power generation**" published by the Directorate of CP&CC, NPCIL-HQ was released on December 16, 2013 in the inaugural function of the 24 th Annual Conference of Indian Nuclear Society (INSAC-2013) at NUB, NPCIL, Anushaktinagar, Mumbai.

The book that chronicles the long and glorious journey of NPCIL was released by Dr. R. K. Sinha, Chairman, AEC, and Secretary, DAE in the gracious presence of Shri. Ratan N. Tata, Chairman, Tata Trust, Shri. K.C. Purohit, CMD, NPCIL and other officials of DAE.

With glimpses of several historic moments, the book features the enchanting voyage of NPCIL and the Indian nuclear sector in a pictorial and fascinating manner. It showcases the history of Indian nuclear power programme, how the country overcame the challenges with indigenous efforts, and the mastering of Pressurised Heavy Water Technology. The book is dedicated to a large number of Indian scientists, engineers and many others who have contributed tirelessly and selflessly in the field of nuclear power.

For those who have been working in the Department Atomic Energy, the book surely will bring back the fond memories of the historic moments and for others it will present the story of India's nuclear power evolution.

Following are the glimpses of the book release event:

Shri. K. C. Purohit CMD, NPCIL gives introduction to the book "The Journey of NPCIL"

After releasing the book, Dr R. K. Sinha, Chairman, AEC, and Secretary, DAE shares it with Shri Ratan. N. Tata, Chairman, Tata Trust
