

Public Awareness Report
on
RAPS Hospital Doctors
visit at RR Site

Rawatbhata Rajasthan Site

RAPS Hospital Medical Superintendent along with doctors visited at RR Site on 15th December, 2015 under public awareness program. The program was conducted to enrich their knowledge on nuclear power and radiation. It is expected that the doctors will share the information among public and in turn clear myths about nuclear power.

Program was started with welcome and Inaugural speech by Sh. C D Rajput, Site Director, RR Site. He highlighted need of nuclear power and safety aspects of nuclear power plant. He also briefed OSART Mission, WANO Review and different public welfare works taken up under corporate social responsibility.

Lecture on “Nuclear Power - Safe, Clean & Eco-Friendly” was delivered by Sh. Sanjay Mathur, SO/F, NTC.

Escorted plant visits to RAPS-3&4 and RAPP-7&8 was also arranged after the lecture to strengthen their knowledge about nuclear power. Program was highly appreciated by doctors.

Sh. C D Rajput, Site Director, RR Site addressing RAPS Hospital Doctors at RR Site.
