Sub: Report on Public Awareness Outreach Program Conducted in the surrounding area of RR Site.

To generate awareness that nuclear energy is clean & green source of energy and radiation is part of our life, an outreach program was conducted by public awareness committee members on 11th September-2014 in nearby villages of RR Site. 620 Nos. students, teachers and villagers were covered during this outreach program.

S. No.	Place of Visits for PA Outreach	Date	Category	No. of Participants
1.	Govt. Upper Primary School, Kolpura.	11/09/2014	Students & Teachers	105
2.	Govt. Upper Primary School, Mandesra.			210
3.	Govt. Upper Primary School, Baheliya.			70
4.	Govt. Upper Primary School, Chenpura.			60
5.	Govt. Primary School, Jhunjhla.			20
6.	Govt. Primary School, Lasana.			30
7.	Govt. Primary School, Hempura.			25
8.	Village: Mandesra.	11/09/2014	Villagers	40
9.	Village: Baheliya.			60
Total				620

The objective of this public awareness outreach program was to:

- Familiarize that nuclear energy is clean, safe and environmental friendly.
- Make them aware that radiation is part of our life.
- Provide factual data to students and teachers that releases from nuclear power plants is negligible compared to natural background radiation.

Information disseminated through lecture, movies and booklets.

Lectures delivered to students and teachers on Nuclear Power – Safe, Clean & Environment Friendly by following public awareness committee members;

- Sh. ML Khinchi, SO/D, NTC
- Sh. Lalu Bunkar, SO/C, TSU

Sh. M L Khinchi, Member (PAC) Delivering Lecture on 'Nuclear Power - Safe, Clean & Environment Friendly' to a group of students in a classroom.

Students during the Lecture on 'Nuclear Power - Safe, Clean & Environment Friendly'.

Sh. M L Khinchi, Member (PAC) Delivering Lecture on 'Nuclear Power - Safe, Clean & Environment Friendly' to a group of students in a classroom.

Lectures were also delivered to villagers to educate them that NPP is producing electricity with safe and environment friendly manner and not releasing any harmful gases to the environment. Radiation is part of our life and radiation exists everywhere, radiation from nuclear power plants is insignificant compared to the natural background radiation.

Public Awareness Movies were screened to the students and teachers to enhance their awareness about nuclear power plants.

- Ek Tha Budhiya.
- Budhiya Ki Ser.
- A Friend Forever

Students & teachers during screening of Public Awareness Movies.

Following public awareness related booklets / magazines were distributed to the students, teachers and villagers during outreach program.

- Budhiya in Hindi (Part-1 & Part-2)
- Booklet on "i jek.kj Atk , oa i ; kbj.k".

Public Awareness related literature distribution to Students & Teachers.

Students & teachers during screening of Public Awareness Movies.

Students & Teachers reading the public awareness related literatures.

Students & Teachers reading the public awareness related literature.

Refreshment served to students in schools during outreach program.

During the visit, quiz contest was also conducted for students based on information related to radiation, nuclear energy and working of nuclear power plant & its mission. All students participated in the quiz contest. The response to quiz questions was highly encouraging almost everyone was interested and participated in quiz as the winners were awarded suitable prizes. Correct Answer of every question was communicated to all the participants.
