Sub: Report on the lecture delivered at Andhra Layola College, Vijayawada – regarding.

A Public Awareness Lecture was conducted at the national seminar on “Nuclear Technology Fuelling – National Aspirations” at Father Devaiah Auditorium of Andhra Layola College. The seminar was conducted for 3 days from 16th February 2013 to 18th February 2013. The seminar included exhibition on BARC Technologies, quiz for students etc. Around 1000 students participated in the program from Layola college and other college / schools.

The lecture was on the topic of “Pre-project Activities of Nuclear Power Parks”. As the students included school children, the lecture was delivered in Telugu language as requested by the management of the seminar. At the end of the lecture, a questions and answers session was conducted. The questions of the students were answered. Overall the lecture was appreciated by one and all.

Banners on various topics of Nuclear Power and our corporation NPCIL were displayed. The teachers encouraged students to make notes of the material that was presented on the banners. The public awareness material, some in telugu language and others in English language, was distributed to the students, teachers, lecturers and school children. Participants showed a lot of interest in reading the material.
