*National Seminar on “Nuclear Power – Clean & Safe”*  
*(November 01- 2014, Saturday)*

*Venue*  
*IMS Engineering College, Ghaziabad*

Department of Electrical & Electronics Engineering, IMS Engineering College, Ghaziabad (UP) had organized a National Seminar on “**Nuclear Power – Clean & Safe**” on November 01- 2014, at the Auditorium of IMS Engineering College, Ghaziabad. The aim of the seminar was to bring awareness amongst students and faculty, about Nuclear power.

The inauguration of the seminar was carried out with lighting of the lamp by the chief guest Dr. P C Pant, Director-HRD, MNRE, New Delhi, Shri A R Bansal, Scientific Officer, NAPS, Shri Deepak Kumar, Scientific Officer, NAPS and Professor S P Pandey Director IMS Engineering College, Ghaziabad.

Declaring the seminar open, the chief guest Dr P C Pant appraised the participants regarding importance of enhancing the power generation in our country, the various options available and how the Nuclear options weighs favorably. Shri A R Bansal appraised the participants about the key features of safety in the design of a nuclear power plant, important systems of nuclear power plant, various safety features for handling of emergencies, the precautions & safety measures observed during the operations & maintenance, and the preparedness for any eventualities, no matter how remote they may be. Shri Deepak Kumar appraised the participants about various ways of monitoring radiological conditions around nuclear power plant, the practices and the facilities available in a typical nuclear power plant of India for effective monitoring of environmental conditions and ensuring that the area around a nuclear plant remains free of radionuclide presence.

The seminar was successful in achieving its goal of spreading awareness among students as well as the faculty about the working and the safety of nuclear plants and their preparedness towards averting any kind of accident.

This seminar was organized under the umbrella of Public awareness and outreach committee, NAPS.
