

# Public Awareness Report

## Rawatbhata Rajasthan Site

To disseminate the information that nuclear power is safe & eco-friendly, RR Site is continuously organizing public awareness programs among the different cross section of public. In this series public awareness programs organized for students, government officials and general public during 5<sup>th</sup> – 20<sup>th</sup> May, 2016 at RR Site and covered about 250 persons.

Information disseminated through lectures, models, simulator, public awareness movies, plant visit and literatures. Doubts also cleared about NPP and radiation through these programs.

Shri VS Maan, STO (OP&CA) briefed about clean source of nuclear energy and Shri R P Raju, DGM (PR) deliver motivational lecture on “Team Building & Communication Skills” to the engineering students at RR Site.
