14.8.2013.

Sub: Awareness programme at SRM University, Chennai

SRM University arranged a Technical festival named "EPIPHANY'13" on 13.8.2013. The programme was aimed at helping the students to exercise their knowledge and learn about the benefits and practical applications of Nuclear power. Exhibits with models and the charts explaining the needs of nuclear power and also the practical demonstrations were also arranged. The target audiences for these exhibits were the school students of various institutions in addition to the students of SRM University.

Shri T.J. Kotteeswaran, station Director, MAPS inaugurated this Technical festival and delivered the Chief Guest address. His address to the students of 500 in numbers, included the benefits of Nuclear power, the three stage power programme, safety aspects of nuclear reactors and technology, various capabilities of our country on the entire nuclear cycle, the Omnipresent radiation in the earth etc.

The programme was also having youth nuclear summit, debate, quiz and the presentation of papers on applications of nuclear technology in various fields. The overall programme was very good and generated positive frame of mind about nuclear energy and helped in obviating the prevailing myths if the minds of the students.

(M. Venkatachalam)
