Management's Responsibility for the Standalone Financial Results

The Statement has been prepared on the basis of the standalone annual financial statements. The Corporation's Board of Directors are responsible for the preparation and presentation of the standalone financial results that give a true and fair view of the net profit and other comprehensive income and other financial information in accordance with the applicable accounting standards prescribed under section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 52 of the Listing Regulations.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for the safeguarding the assets of the Corporation and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the statement, Board of Directors are responsible for assessing the Corporation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Corporation or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Corporation's financial reporting process.

Auditors' Responsibility for the audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Corporation has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Board of Directors.
- Conclude on the appropriateness of Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Corporation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the statement, including the disclosures, and whether the statement represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

- a) The Statement includes the standalone financial results for the quarter ended March 31, 2025 and corresponding previous quarter ended March 31, 2024, being the balancing figures between audited figures in respect of full financial year ended March 31, 2025 and March 31, 2024 and the published unaudited year to date standalone figures up to December 31, 2024 and December 31, 2023, respectively being the date of end of the third quarter of the respective financial year.

- b) We did not audit the financial statements of Seven Power Stations/Projects/Units included in the statement, whose financial statements reflect total assets of Rs. 1,58,566.07 crore as at March 31, 2025, total revenues of Rs.17,773.35 crore , profit before tax of Rs. 4,853.10 crore and net cash outflows amounting to Rs. 12.65 crore for the year ended on that date, as considered in the statement. The aforesaid financial statements of these power stations/projects/units have been audited by the respective branch auditors whose reports have been furnished to us by the management, and our opinion, in so far as it relates to the amounts and disclosures included in respect of these power stations/projects, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of these matters.

9) During the current year, Bond Redemption Reserve of Rs. 460 crore (previous year Rs. Nil) has been created out of General Reserves to make up the debenture redemption reserve upto 10% of outstanding debentures as on 31/03/2025. Total Bond Redemption Reserve upto 31st March 2025 is of Rs. 3,121.01 crore (previous year ended 31st March 2024 is Rs. 2,701.01 crore)

10) During the current year, the Corporation had allotted / Issued 2420000 equity shares on 15/05/2024, 8236200 equity shares on 09/08/2024, 3884300 equity shares on 07/11/2024 and 6232400 equity shares on 31/01/2025 of Rs.1,000 each, amounting to Rs. 2,077.29 crore to Government of India.

11) The current continuing instability in situation due to the conflict in the Russia-Ukraine region, pursuant sanctions on the Russian banks and restrictions on logistics & insurance areas by different countries / agencies worldwide on Russian supplies, have potential to have adverse impact on the project progress for KKNPP Units 3 to 6. The potential issues are on the supply of equipment from Russia, Ukraine & other European countries by JSC "Atomstroyexport" (JSC ASE) - who is the nodal Russian agency with whom NPCIL has signed contracts for supplies and services, logistics and insurance for transportation for KKNPP 3-6 items. As on current reporting date, difficulties faced for logistics/ transportation of items/ equipment from Russia / Europe are being resolved by NPCIL & ASE to certain extent and some shipments of equipment / materials (i.e. Break Bulk vessels) could be carried out through JSC ASE. For further ocean transportation of items/ equipment in break bulk shipments from Russian ports for the year 2024-25, NPCIL has entrusted ASE with due approval of competent authority. NPCIL has separately arranged for shipment of cargo through container/air shipments from Third Countries. For some of the equipment which are already manufactured and ready for shipment at factories in Ukraine/ Third Countries, but could not be shipped by ASE due sanctions, NPCIL is trying to directly enter into contract with the manufacturers for shipment to site, as proposed by ASE. ASE has also entered into contracts with some of the Indian manufacturers to take up manufacturing of some of the equipment like pumps, pipelines and valves in India in view of present geo-political situation.

12) Formula used for computation of coverage ratios (i) Operating Margin (%) = Operating Profit / Turnover x 100 (ii) Net Profit Margin (%) = Profit After Tax (PAT) / Turnover x 100 (iii) ISCR = (Profit after Tax + Depreciation & Amortisation + Interest + Other adjustments) / (Interest before transferring to Expenditure during Construction) (iv) Debt Equity Ratio = Total Debt / Net worth (v) DSCR = (Profit after Tax + Depreciation & Amortisation + Interest + Other adjustments) / (Interest before transferring to EDC + Lease payments + Principal repayment), (vi) Current Ratio = Current Assets / Current Liabilities (vii) Long Term Debt to Working Capital Ratio = Long Term Debt / Working Capital (viii) Bad Debts to Account Receivable Ratio = Bad Debts / Trade Receivable (ix) Current Liability Ratio = Current Liabilities / Total Liabilities (x) Total Debts to Total Assets Ratio = Total Debt / Total Assets (xi) Debtor Turnover Ratio = Turnover / Average Trade Receivables (xii) Inventory Turnover Ratio = Turnover / Average Inventory.
