4	<b>Name of the Work:</b>	<b>Estimated Cost:</b>	M/s Resonance Eduventures Pvt. Ltd., Kota	30 (Thirty) Days	The advertisement for recruitment of Stipendiary Trainee - Operator & Maintainer notified 06 months back vide advertisement No. RR Site/HRM/02/2018 on 15/10/2018. Against the said advertisement large number of applications 19302 (10770 for Operator & 8532 for Maintainer Trainees) have been shortlisted. Based on previous experience, it is not feasible to conduct written examination at a time for such large number of candidates at Rawatbhata situated in remote location. Therefore, it is prudent to conduct the written test at Kota, Rajasthan where academic / coaching institutions are having facility & infrastructure to accommodate such a large number of candidates. To explore the possibilities in Kota, a Committee constituted by Site Director, RR Site has visited the academic / coaching institutions of Kota. On the basis of recommendations of the Committee two efforts i.e. first through Limited Tender in the month of January 2019 & second through Public Tender in the month of March -2019 were made to award the work to the capable / interested bidders but the work could not be awarded. Since, advertisement was issued 6 months back large number of applicant have responded against the said advertisement who were expecting the written examination two-three months back but due to non-awarding of contract in both the attempts, the good number of queries are being raised by the candidates to know the dates of written test. Also due to notification of code of discipline for Member of Parliament election the period of about 03 months was restricted. Hence, the best available opportunity of written examination has be executed. Although all attempts to award contract did not materialize, as about 3 ½ month time is already elapsed so in view of urgency of recruitment requirement, the job may be executed through nomination basis to the lowest bidder discovered through Limited tender and no further delay is tolerable at this juncture. Keeping in view of above difficulties and shortage of time, the matter has been taken up in the Management meeting and it has been decided to complete the work on nomination basis through the agency shown interest/willingness to conduct the examination.	Station Director, RAPS 5&6	RR Site
	Providing assistance in conducting OMR based Written Examinations (Preliminary & Advance) at Kota (Rajasthan) for recruitment of Stipendiary Trainee (Operator & Maintainer) for NPCIL Rawatbhata Rajasthan Site	27.33
