Sr. No.	Description of Item	Cost (Rs. in Lakhs)	Name of the Agency	Contract Period	Reason for nomination	Approving Authority	UNIT
1	<b>Name of the Work:</b>	<b>Estimated Cost:</b>	ERDA (Electrical Research & Development Association)	45 days	At KAPP-3 design has Electronics panels at MCR & BCR, channel rooms and computer rooms for control and monitoring purpose. This test is required to gather base noise data in the environment housing major electronics. Scope of EMC survey will be to carryout measurement of Radiated Emission (RE) and Conducted Emission (CE) as per IEC-61000-6-4/CISPR-11 at identified locations and submit report. Presently at Unit-3 all MCR/BCR panels are charged and EMC survey is to be carried out at before criticality as per recommendations by AERB.	Station Director	Unit-3&4, Kakrapar Gujarat Site
	Radiated emission and conduction emission test of electronics panels in KAPP 3 main control room back up control room and channel rooms.	25.34			For above task, designer of NPCIL recommended Government / CSIR Institute for reliability of task. After search designer suggested three government/CSIR institute as qualified parties for this task. These parties already have experience of executing such task in DAE. A limited tender from three government / CSIR institutions was initiated. The work was of urgent nature and must be completed before FAC of KAPP- 3. Hence single part limited tender through email was processed with approval of competent authority.
